A processing fee of \$40 per loan applies. This offer is available on select loan types that are in good standing. Credit Cards, Overdraft Loans, First Mortgages and Member Business Loans are excluded from this offer. To take advantage of this, your loan must be open a minimum of 180 days. Loans have a maximum of two skip a pays per year and six skip a pays per life of the loan, with a minimum of 60 days between each skip a pay. Please realize that if your loan has GAP coverage, any skipped payments will not be covered by a GAP claim. All other terms and conditions of the original loan agreement are unchanged and remain in full effect. Interest will continue to accrue. Payments resume the month following the month that the payment was skipped. This offer is not transferable.

For Closed-End Loans: The maturity date of closed-end loans will be extended one month.

For Home Equity Lines of Credit: The draw period and repayment period of Home Equity Lines of Credit will remain unchanged.

For Automatic Payments: If your loan is currently paid via payroll deduction or other automatic deductions, the amount normally applied to your loan during the month will be deposited into your main share savings account for the month that you have chosen to skip. If a full monthly payment is transferred from savings or checking account at MidUSA, the transfer will not occur in the month that you have chosen to skip.
